

You've Been Egged!

Now it is your turn to egg someone else and keep the fun going by following these easy steps!

1.

Print off one of this page & cut out the door sign. Hang on your door to let others know you've already been egged!

2.

Print off many copies of the other door sign (you've been egged). Cut them out and hang on the houses you plan on egging after "egging them"!

3.

To "egg" a house means filling plastic eggs (12 of hem) with small treats etc and hide them around the yard.

4.

Have fun and hopefully they will keep the fun going!
